   (B.) Right-of-Way
      Mitchell Jellison Minor ROW Dedication
      On motion by Chad Crabtree, seconded by Ron Davis and carried 5-0, the Board approved the Mitchell Jellison Minor Right of Way Dedication.
   (C.) Utility
      2109 W. Indiana Ave. Sewer Insurance
      A motion was made by Chad Crabtree and seconded by Ron Davis to approve the replacement of sidewalk removed during the sewer insurance program at 2109 W. Indiana Avenue. Utility Engineer Edgar Moreno explained the sewer insurance work that Roto-Rooter did on 6/28/21 at 2109 W. Indiana. The residential sanitary lines were causing a back-up in the upstairs bathroom, but the initial attempts by Roto-Rooter were not successful. The residents filed for the sewer insurance program. Derek Saur explained the places shown on the attached map where they dug to install the clean-out. Roto-Rooter televised the line and told them where they saw a problem. Derek explained that their sewer line ran under the sidewalk. Based on Roto-Rooter’s findings, the City installed a single cleanout along the N-S line, in addition, to reach issues near the 4” basement cleanout, a new cleanout was installed along the west side of the property. Mike explained to Ron that the sewer insurance program does not replace hard surfaces nor does it restore lawns under the sewer insurance program. Rose asked if the clean out on the west side was a result of them not wanting a clean out by the “y”. Derek said they had to dig on the west side because the problem was 4 feet from the house on the west side. Mike asked if they put the new clean out on the north/south side first? Derek said yes they did because that is where Roto-Rooter located the first problem. They normally put a clean out on either side of an existing “y”. The homeowners didn’t want the casting in their walkway. Mike called the property owners up to speak.

      Milton and Chris Butler came forward to speak about their property at 2109 W. Indiana. Chris told the board they have video and audio that shows they dug in the
wrong location. She said she repeatedly told them they dug in the wrong spot. She said the basement cleanout in the front yard was the first mistake. They had a clean out in front and it was working fine. Then they realized what they did and put a clean out in on the west side. So now, we have two clean outs for the basement, and one for the main line upstairs bathroom. The reason they don’t want the walkway patched is because the house was built in 1947, and the aesthetics of the house is the “Y” coming in with the walkways. You can’t match that. They want it to be aesthetically pleasing and want the whole thing replaced. She said they wouldn’t listen to her so she started filming everything. Chris said she sent in the information and paperwork last week. The downspouts have never been a problem. Milton said the contract they signed with the City was one cleanout. If they signed for one and payed for one, why do they have two? Mike said they offered to replace the east west sidewalk. Chris said they offered to patch it and that won’t work. She said you have to see the video. She said she sent in three bids for the sidewalk. Jamie asked her about the sidewalk. She said she wanted the walkways around the home right up by the house and the piece that runs up to the house. Mike asked if she could leave the flash drive with the Board. Chris said she had a different one with still pictures. Mike said he didn’t have time to review the packet from the Butlers.

Tory Irwin said they believe they didn’t dig incorrectly. There was an old abandoned “t” by the “y” that had roots growing in it, and a second issue by the house on the west side. Based on the information we received from Roto-Rooter and the fact that we could not get a 3” blade through the line, we were going to have to dig in two spots, period. The clean out and the downspout “t” and the “y” were all in the same north/south excavation hole. On motion by Ron Davis, seconded by Chad Crabtree and carried 5-0, the Board tabled the item to the next Board meeting.

Change Order #1: N. Main Street Water Replacement Bid #21-03

On motion by Ron Davis, seconded by Chad Crabtree and carried 5-0, the Board approved Change Order #1 for the North Main Street Water Replacement project, Bid #21-03, for a decrease of $45,614.50, bringing the Contract price to $1,542,363.00.

BOARD OF PUBLIC WORKS
Tuesday, July 20, 2021

Required- Hubbard Hills Estates Health Care 28070 CR 24 West (F2018-038) and assess a penalty of $100.00. Megan Kolaczyk explained the violation to the Board. The application was due June 3, 2021. They called and asked for an extension which was granted until June 15, 2021. On June 15 they called to ask questions, but the staff person was gone that day and responded on June 16, 2021. They submitted the application on June 16, 2021. The FSE was present to speak to the Board. Joe Calderone explained to the Board that he intended to have it done the week before the due date, but he had a personal emergency. He made an effort to call several times because he had two questions that needed to be clarified. He apologized and said next time he will be on top of the renewal. Jamie thanked him for coming in and for trying to get the application in on time. On motion by Jamie Arce, seconded by Chad Crabtree and carried 5-0, the motion was amended by reducing the penalty to $0. The amended motion carried 5-0.

7. New Business
   Permit Renewal RC Industries Inc. Permit #92-02
   On motion by Chad Crabtree, seconded by Ron Davis and carried 5-0, the Board approved a Permit Renewal for RC Industries, Inc. Permit #92-02.
   Ratify Auction Items
   On motion by Chad Crabtree, seconded by Ron Davis and carried 5-0, the Board ratified 21 items that were sent to the Brolyn Auction by the Central Garage.

Failure to Operate or Maintain FOG Control Device in Proper Working Order
   On motion by Chad Crabtree seconded by Jamie Arce and carried, the Board amended the agenda to add Notice of Violation: 25% Rule Violation KFC 2709 S Main St. (F2015-183) and Failure to Operate or Maintain FOG Control Device in Proper Working Order. Lynn Brabec explained that both KFC’s in Elkhart are changing ownership. They have until July 28, 2021 to respond and the change of ownership takes place that day. They want the violation to go to the current owners.

   A motion was made by Chad Crabtree and seconded by Ron Davis to approve a Notice of Violation 25% Rule for KFC Carlisle South 2709 S. Main Street and assess a penalty of $300.00. Mike looked at the history. Chad asked if they have responded. Megan said they have not responded much at all. Jamie looked at their history and suggested the need to pump monthly. Due to the disregard of City law and environmental compliance, the Board increased the fine. The FSE was not present. On motion by Chad Crabtree, seconded by Jamie Arce and carried 5-0, the Board amended the motion and assessed a penalty of $1,500.00. The amended motion carried 5-0.

Urban Land Institute Contract
   A motion was made by Chad Crabtree, and seconded by Jamie Arce to approve a contract with Urban Land institute. Jamie verified the funding breakdown. Dayna Bennett was not on line to speak to the issue. Mayor Roberson asked the Board to move this to the end and he would ask Dayna to call in. On motion by Chad Crabtree, seconded by Ron Davis and carried, the Board tabled the Item to later in the meeting.

BOW Resolution 21-R-14 Transfer of 112 Division Street from RDC to BOW
   On motion by Chad Crabtree, seconded by Ron Davis and carried 5-0, the
Board approved Board of Works Resolution 21-R-14, a Resolution of the Board of Public Works of the City of Elkhart, Indiana accepting the transfer of Real Property from the City of Elkhart, Indiana Department of Redevelopment.

8. Use & Event Permits

On motion by Chad Crabtree, seconded by Jamie Arce and carried 5-0, the Board approved the following permits:

- Terrones Birthday Party 8/14 - Special Exception to Noise
- Curbside Concerts 8/5, 8/12, 8/19, 8/26, 9/2 Elkhart Public Library - Special Exception to Noise Ordinance (petitioner was present)

9. Public Participation

Mike spoke on behalf of the ladies who came in earlier from the Tolson committee. This Saturday July 24, they are holding an open house from 2-5 pm. It is exciting times for the Tolson Center and for south-central Elkhart. He encouraged everyone to attend and show support.

10. Tabled Item

On motion by Chad Crabtree, seconded by Rose Rivera and carried 5-0, the Board removed the Urban Land Institute Contract off the table for consideration. Dayna Bennett explained they are helping us by developing recommendations to expand development in downtown and the adjacent neighborhoods. They are doing a 3-day panel which will happen at the end of this month. During the panel, they will interview 30-40 people who live, work, or have a relationship downtown, and after the panel they will provide us with a recommendation. The recommendation will allow us to move forward with plans for downtown development and will be the starting point for creating a downtown map plan. On motion by Chad Crabtree, seconded by Ron Davis and carried, the motion was amended to add the Contract price of $30,000.00. On motion by Chad Crabtree, seconded by Jamie Arce and carried 5-0, the Board approved a contract with ULI in the amount of $30,000.00.

11. Adjournment

On motion by Chad Crabtree, seconded by Jamie Arce and carried 5-0, the Board of Works adjourned at 10:40 a.m.

RE: 2109 W. Indiana Ave Sewer Insurance

Attached is the original invoice from Roto-Rooter describing the work that they performed at the 2109 residence on 6/28/2021. The residential sanitary lines were causing a back-up in the upstairs bathroom, but the initial attempts by Roto-Rooter to clear out the lines were not successful, thus, the residents filed for sewer insurance. Findings from Roto-Rooter are as follows:

1. “Jetted main line at 6” clay cleanout by road to house at 110 ft. This line is only for basement bathroom.”
2. “1st floor main line was still plugged.”
3. “Cabled main line from 4” basement cleanout. At 5ft out, we have a hard time to get past. My cable would get stuck at 40 ft with 3” double blade.”
4. “Line needs to be dug up and put in a cleanout”

See the attached drawing for reference.

Based on Roto-Rooter’s findings, it was suggested to dig up the line and install a cleanout at the wye in order to open up the portions of the “E-W” line that were not previously reachable. The residents expressed their concerns about the placement of the cleanout, as it would require a casting in their sidewalk. Therefore, (1) single cleanout was installed along the “N-S” line. In addition, to reach the issues near the 4” basement cleanout, a new cleanout was installed along the West side of the property at the far end of the “E-W” line. Once this cleanout was installed, blades were used to clear the line, but Roto-Rooter was not able to cleanly reach the wye point. However, the residents were clear and flowing properly at this point. Additionally, on July 8th, the residents began backing up in the downstairs bathroom, but Roto-Rooter was able to jet by the existing 6” cleanout and open them up.

The sewer insurance program does not replace hard-surfaces nor does it restore lawns. The goal of the program is solely to assist in opening up residents’ sanitary lines. This paper work was signed by the residents (See attached signature sheet), but they do not feel the work warranted excavation of the sidewalk and they would like the entirety of the sidewalk replaced for uniformity. Public Works & Utilities has offered to replace the sidewalk (not including any landscaping) as a means of agreement, but this was declined by the residents. The utility does not support the request of the petitioner.

It is requested the Board of Public Works:
Approve the replacement of solely the sidewalk that was removed during the sewer insurance.
AUTHORIZATION AND RELEASE

The undersigned hereby expressly authorizes the City of Elkhart, Indiana to enter upon his/her property, commonly known as 2109 W. Indiana

for the purpose of conducting inspection of and/or making repairs to a residential sewer connection on the above noted property, pursuant to the provisions of Elkhart Public Works & Utilities Guide to Wastewater Utility Policies 12.3.

We will be unable to cover any repairs to such items as landscaping, underground sprinkler systems, concrete sidewalks or driveways, as per Elkhart Public Works & Utilities Guide to Wastewater Utility Policies 12.2. However, we will repair concrete sidewalks and street pavement in the right-of-way.

Re: Bid Evaluation and Letter of Recommendation
Wastewater Treatment Plant Capacity Upgrades – Phase 2
Donohue Project No. 13476

Dear Mr. Irwin:

Pursuant to the Official Notice to Bidders, sealed bids for the above referenced project were received by the City of Elkhart’s Board of Public Works on July 20, 2021 at 9:00am and then publicly opened and read aloud. We have reviewed all the Bids received for the Work and have enclosed a copy of the prepared Bid Tabulation for your information and consideration.

Four (4) sealed bids were received. The low bid was submitted by Bowen Engineering Corporation of Indianapolis, Indiana in the amount of $27,356,000. The second low bid was submitted by Kokosing Industrial, Inc. of Westerville, Ohio in the amount of $30,278,050. Donohue’s opinion of probable construction cost for the Project was $25,350,000. The low bid was approximately $2,000,000 (7.9%) greater than the opinion of the probable construction cost, which is indicative of the fluctuating and volatile construction bidding trends that have developed nation-wide over the past six to eight months.

Please refer to the enclosed Bid Tabulation for information on the Bidders and the bid amounts. The bid amounts ranged from a low of $27,356,000 to a high of $35,170,000.

It is our opinion that the low bidder, Bowen Engineering Corporation, submitted a responsive bid and is qualified and capable of performing the Work as specified. It is therefore recommended that the City of Elkhart’s Board of Public Works award a construction contract to Bowen Engineering Corporation, in the amount of $27,356,000, and with the condition of the City’s closing of the State Revolving Fund Loan.

We respectfully present these recommendations for review and consideration and will be pleased to answer any questions you have concerning the information provided herein.

Sincerely,

Jeremy Roschyk, PE
Project Manager

MEMORANDUM

DATE:    July 28, 2021

TO:      Board of Public Works

FROM:    Ryan Clussman, Right-of-Way Engineer  

RE:  Award Recommendation for Wolf Avenue Curb Ramps Project - Quote #21-10

On July 20, 2021, bids were opened for the Wolf Avenue Curb Ramps project at the regular Board of Works meeting. Three bids were received at that time and given to the City’s Engineering Department for review.

The bids have been reviewed and the results are as follows:

<table>
<thead>
<tr>
<th>Contractor</th>
<th>Total Bid</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rieth-Riley Construction Co., Inc.</td>
<td>$19,379.92</td>
</tr>
<tr>
<td>Premium Concrete Services Inc.</td>
<td>$19,570.00</td>
</tr>
<tr>
<td>Milestone Contractors North Inc.</td>
<td>$38,340.00</td>
</tr>
</tbody>
</table>

There were no discrepancies with any of the quotes Rieth-Riley Construction Co., Inc. was determined to be the lowest responsive and responsible bidder, and they have successfully completed projects in the past for the City of Elkhart.

This project will be funded by already appropriated ADA funds. There is a sufficient amount for this project.

It is recommended the Board of Public Works:
Award the Wolf Avenue Curb Ramps Project Quote #21-10, to Rieth-Riley Construction Co., Inc. who was the lowest, responsive and responsible bidder with a contract price in the amount of $19,379.92.

Memo To: Michael Machlan, Board President

Memo From: Laura Kolo, Utility Services Manager

RE: Wastewater Treatment Plant Monthly Report – June 2021

The monthly Wastewater Treatment Plant NetDMR, CSO MRO and Marketing and Distribution reports were all submitted electronically for the month of June. The wastewater treatment plant treated and released 451 million gallons to the St Joseph River.

CSO Events: Ten wet weather CSO events occurred in June.

Violations: One dry weather event occurred due lift station pumps getting plugged with rags and grease.
MEMORANDUM

DATE:       July 29, 2021

FROM:       Timothy Reece, Executive Services Manager
RE:         Permission to Quote CR 17 Meter Pit Installation - Quote #21-11

The Department of Public Works requests permission to quote the CR 17 Meter Pit Installation.

The project will consist of the installation of two (2) water meter pits for a customer on County Road 17 as a part of the meter change out program. The property currently has one (1) water meter located on their property for domestic uses, however, this pit does not comply with the City standard and due to the construction of the building, it would be too costly to relocate the meter inside the structure.

During our initial site visit it was also discovered the property was serviced by an irrigation system which was tapped off the domestic line prior to the water meter. This was believed to have been an approved method during the time in which "Suburban Utilities" served this customer and was not remedied during the City’s acquisition of Suburban Utilities. With this, we will re-route the irrigation and install as separated meter pit to accommodate the new conforming services on the property.

The installation of these meter pits will bring the property into compliance with current Utility standards and allow a new gallons meter to be installed.

This project will be funded through the Meter Change Out Program.

It is requested the EOW:
grant permission to quote the CR 17 Meter Pit Installation Quote #21-11.

Re: Notice of Violation with Compliance Order: Permit #2009-01 Earthmovers Landfill, LLC

Earthmovers Landfill LLC, 26483 CR 26, Elkhart, IN. This facility serves as a municipal solid waste landfill as permitted by the State of Indiana. The landfill produces leachate which is formed when rainfall passes through the trash layers and is collected just inside of the liner then flows to their onsite SBR wastewater facility for treatment. Other Waste Management landfills from the area also discharge leachate to this wastewater facility for treatment.

Permit #2009-01 requires monitoring for Total Suspended Solids, Total Phosphorus and cBOD₅ on a monthly basis. Those self-monitoring samples were not collected in January, 2021.

The written response from Earthmovers is attached; the Pretreatment group finds the explanation reasonable.

The Enforcement Response Plan, Section 9.3.2: “Failure to conduct required self-monitoring per parameter.” In accordance with the Enforcement Response Plan Penalty Matrix the penalties may be assessed as follows:

January 2021 (1st Occurrence) 3 missed parameters @ $50.00 per parameter $150.00

Total Recommended Penalty $150.00

Penalty Assessed

Re: Response to Notice of Violation – June 30, 2021
Earthmovers Landfill LLC, Elkhart County, Indiana
Industrial Wastewater Discharge Permit #: 2009-01

Dear Ms. Brabec:

Earthmovers Landfill, LLC (Earthmovers) received the Notice of Violation (NOV) dated June 30, 2021 pertaining to Monthly Effluent Monitoring of total suspended solids, total phosphorus and cBOD5 for the month of January 2021. Earthmovers contracts Astbury Water Technologies (AWT) to operate the pretreatment system and collecting weekly and monthly samples required by Permit. According to AWT, the required samples were collected during the first week of January 2021. However, the record for shipment to or receipt by laboratory could not be located.

Going forward, Earthmovers has instituted measures to track the collection, delivery & receipt, and analysis of the samples and parameters to ensure continued compliance with the Permit. Earthmovers has a historical record of adhering to the Permit and submitting monthly self-monitoring reports. We do not expect this issue to reoccur.

Earthmovers has installed a continuous flow sampler, as required by the new Permit, to capture flow proportional sampling beginning from July 2021. Earthmovers will adhere to monitoring and reporting requirements indicated in the new Permit by use of a Compliance Tracking System. Earthmovers takes this NOV seriously. Earthmovers has instituted internal measures to comply with the permit requirements, should you have any question or concerns, please feel free to contact me at 574 2768824.

Sincerely,
Earthmovers Landfill, LLC.

MEMORANDUM

DATE:       July 21, 2021
TO:         Board of Public Works
FROM:       Corporation Counsel John Espar
RE:         Proposed Resolution 21-R-15

A RESOLUTION OF THE BOARD OF PUBLIC WORKS OF THE CITY OF ELKHART, INDIANA ACCEPTING THE TRANSFER OF INTERESTS IN CERTAIN REAL ESTATE AND THE IMPROVEMENTS LOCATED THEREON FROM THE BOARD OF PARKS AND RECREATION OF THE CITY OF ELKHART, INDIANA, AND ALL MATTERS RELATED THERETO.

The attached resolution takes the critical step on the project known as the Tolson Community Center for Excellence. To-date the Elkhart Common Council has appropriated $5,000,000 to fund a revolving loan to the not-for-profit Tolson Center, Inc. for the construction of the new Tolson Center. An additional $57 million has been raised by the Tolson Center, Inc. from private sector organizations for construction of the new community center.

Previously, the Board of Parks and Recreation passed a substantially similar resolution authorizing the transfer of the Tolson Park property to the Board of Public Works for its subsequent transfer to the non-profit Tolson Center, Inc. Tolson Center Inc. will manage the construction and with the consent of the Council, will take ownership and operate the new Tolson Community Center for Excellence in accordance with the mission of the organization, a detailed property transfer agreement with the City of Elkhart and other related agreements with the Redevelopment Commission of the City. The attached resolution would authorize the transfer to the Tolson Center Inc. as contemplated by the overall project plan.

The Board of Public Works should know that under the proposed terms of the various related project agreements, if after the transfer of ownership of the property to the Tolson Center Inc., the organization should stray from its stated mission or any of the terms of the various agreements with the City, ownership of the property would revert back to the City of Elkhart.
RESOLUTION NO. 21-R-15

WHEREAS, the Board of Parks and Recreation (the “Park Board”) of the City of Elkhart, Indiana (the “City”), acting for and on behalf of the City pursuant to Indiana Code 36-10-3, now owns an interest in the real estate described in Exhibit A attached hereto and the improvements located thereon which is commonly known as the Tolson Community Center and Park (the “Real Estate” or the “Tolson Center”); and

WHEREAS, the City has been exploring alternatives for the use of the Tolson Center; and

WHEREAS, the process to re-envision a future expansion of the Tolson Center (the “Project”) has been led by a steering committee broadly drawn from the dynamic and diverse communities of the City, including representatives drawn from the communities of philanthropy, business, education, religious leadership, law enforcement and public officials, past and present; and

WHEREAS, the steering committee’s work for the past eighteen (18) months has facilitated seven (7) public town hall styled meetings, engaging more than five hundred (500) individuals and an additional one hundred (100) small group engagements to coalesce around a new vision for the Tolson Center which has been professionally conceptualized in renderings and concept drawings by a professional consulting firm; and

WHEREAS, based upon initial estimates, the Project is expected to cost approximately Ten Million Dollars ($10,000,000) of which Five Million Dollars ($5,000,000) is to be secured from philanthropic and community-based funding and Five Million Dollars ($5,000,000) contributed by the City; and

WHEREAS, Tolson Center, Inc., an Indiana not-for-profit corporation (“Tolson Center, Inc.”) has been organized for the purpose of constructing and equipping the Project and upon its completion, operating the Project; and

WHEREAS, to effect the Project and the subsequent operation of the new Tolson Center, the Real Estate and improvements located thereon would be transferred to Tolson Center, Inc.; and

WHEREAS, the Park Board now desires to transfer all of the Park Board’s legal rights, title and interest in the Real Estate to the Board of Public Works of the City (the “Board of Works”); and

WHEREAS, the Board of Works desires to obtain all legal rights, title and interest in the Real Estate; and
WHEREAS, Indiana Code 36-1-11-8 authorizes the transfer of real property from one governmental entity to another, subject to the adoption of substantially identical resolutions by each entity.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS OF THE CITY OF ELKHART, INDIANA, AS FOLLOWS:

SECTION 1. The Board of Works hereby accepts that the conveyance by the Park Board of the Real Estate to the Board of Works for no consideration, to effect the Project and subsequent operation of the new Tolson Center by Tolson Center, Inc., is in the best interests of the City and its residents.

SECTION 2. The President of the Board of Works or any officer of the City, acting for and on behalf of the Board of Works is hereby authorized to execute any instruments or documents, or to take any other actions that may be necessary to effectuate the transfer of the Real Estate as authorized herein.

SECTION 3. That this Resolution shall be in full force and effect from and after its passage by the Park Board.

* * * * *
PASSED AND ADOPTED at a meeting of the Board of Public Works held on July _____, 2021.

DESCRIPTION OF REAL ESTATE
RESOLUTION NO. R-2-21

A RESOLUTION OF THE BOARD OF PARKS AND RECREATION OF THE CITY OF ELKHART, INDIANA AUTHORIZING THE TRANSFER OF INTERESTS IN CERTAIN REAL ESTATE AND THE IMPROVEMENTS LOCATED THEREON TO THE BOARD OF PUBLIC WORKS OF THE CITY OF ELKHART, INDIANA, AND ALL MATTERS RELATED THERETO

WHEREAS, the Board of Parks and Recreation (the “Park Board”) of the City of Elkhart, Indiana (the “City”), acting for and on behalf of the City pursuant to Indiana Code 36-10-3, now owns an interest in the real estate described in Exhibit A attached hereto and the improvements located thereon which is commonly known as the Tolson Community Center and Park (the “Real Estate” or the “Tolson Center”); and

WHEREAS, the City has been exploring alternatives for the use of the Tolson Center; and

WHEREAS, the process to re-envision a future expansion of the Tolson Center (the “Project”) has been led by a steering committee broadly drawn from the dynamic and diverse communities of the City, including representatives drawn from the communities of philanthropy, business, education, religious leadership, law enforcement and public officials, past and present; and

WHEREAS, the steering committee’s work for the past eighteen (18) months has facilitated seven (7) public town hall styled meetings, engaging more than five hundred (500) individuals and an additional one hundred (100) small group engagements to coalesce around a new vision for the Tolson Center which has been professionally conceptualized in renderings and concept drawings by a professional consulting firm; and

WHEREAS, based upon initial estimates, the Project is expected to cost approximately Ten Million Dollars ($10,000,000) of which Five Million Dollars ($5,000,000) is to be secured from philanthropic and community-based funding and Five Million Dollars ($5,000,000) contributed by the City; and

WHEREAS, Tolson Center, Inc., an Indiana not-for-profit corporation (“Tolson Center, Inc.”) has been organized for the purpose of constructing and equipping the Project and upon its completion, operating the Project; and

WHEREAS, to effect the Project and the subsequent operation of the new Tolson Center, the Real Estate and improvements located thereon would be transferred to Tolson Center, Inc.; and

WHEREAS, the Park Board now desires to transfer all of the Park Board’s legal rights, title and interest in the Real Estate to the Board of Public Works of the City (the “Board of Works”); and

WHEREAS, the Board of Works desires to obtain all legal rights, title and interest in the Real Estate; and
WHEREAS, Indiana Code 36-1-11-8 authorizes the transfer of real property from one governmental entity to another, subject to the adoption of substantially identical resolutions by each entity.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PARKS AND RECREATION OF THE CITY OF ELKHART, INDIANA, AS FOLLOWS:

SECTION 1. The Park Board hereby finds and determines that the conveyance by the Park Board of the Real Estate to the Board of Works for no consideration, to effect the Project and subsequent operation of the new Tolson Center by Tolson Center, Inc., is in the best interests of the City and its residents.

SECTION 2. The President of the Park Board or any officer of the City, acting for and on behalf of the Board is hereby authorized to execute any instruments or documents, or to take any other actions that may be necessary to effectuate the transfer of the Real Estate as authorized herein.

SECTION 3. That this Resolution shall be in full force and effect from and after its passage by the Park Board.

Re: City court interpreter contract

Dear Board:

Every year the City is asked to enter into a contract with one or more individuals to act as an interpreter for the City Court. The attached contract is the same contract that the Board has approved for numerous years for interpretation service. The only change to this contract is that the contract will automatically renew every year unless terminated by the city or the Interpreter. The contract is very important so that the Court is satisfied that the marginal or non-speaking person in the court are understanding the proceeding, their rights and what options exist for the person.

As such, I request that the Board move to accept the terms of the two interpreter agreements between the City and the Interpreters and authorized the execution of the agreements.

Randall K. Arndt  
Deputy City Attorney
