

# 2022 Annual Report

Letter from Mayor Rod Roberson,

When you think of what makes a city great, you cannot help but think of its parks. They allow residents and visitors alike to enjoy themselves in many facets both outside and indoors. I grew up playing with my friends at Studebaker Park and hanging out at Pierre Moran Pool. Now, just a bit older, these and many other parks continue to hold high value to me. I share this value with many in the community and am proud that this administration has and will continue to work hard to enhance and preserve our quality of place amenities.

Studies show that when cities invest even one dollar into park infrastructure- on average, they see a return of four dollars into that same community. Our Parks and Recreation Department creates vibrancy within our city by offering residents opportunities to enjoy wonderful experiences. Elkhart has earned many accolades over this past year in regards to our economic development and our qualities of place are an integral part of that growth.

In 2022, we updated our infrastructure with new playgrounds and courts. We hosted amazing events and dramatically increased our programming offerings. We honed in on “something for everyone” with new events like our Hispanic Heritage Festival and concerts throughout the year featuring Rock, Country, Soul, Blues, and more. New programming included activities for youth, families, and seniors such as Skateboarding, Basketball, and Jiu Jitsu to Senior Safety, 4H Club, and Kayaking. We have seen record numbers in our attendance, which shows that we are coming out of our darker days of COVID-19.

Our parks are some of our greatest assets and we have even bigger plans for 2023. As you read the 2022 Annual Report for the Parks and Recreation Department, you will find the dedication that this staff has to our community. We look forward to continue serving you and hope to see you at a program or event in the coming year!

Sincerely,

Rod Roberson

# Volunteers

## **THOR Industries Inc., Friday, September 16th, 2022 – High Dive and Island Park**

More than 30 THOR Industries employees came out and cleaned up High Dive Park and Island Park. They picked up trash, amounting to enough bags to fill an entire truck bed. High Dive and Island Park are both heavily traveled parks in our community, so their efforts to clean both areas allow us to keep these parks available for patrons.

## **Bimbo Bakeries USA, Sunday, October 9th, 2022 – High Dive Pavilion**

Bimbo Bakeries employees joined the Parks Department on a Sunday morning to completely re-stain the pavilion at High Dive Park. Without their volunteer efforts, this pavilion would have remained in its original state for another year or so before its time came to be redone. The new stain gave the pavilion a fresh look that matched the interior work done over the winter months.

## **Lowe's Home Improvement, Monday, October 10th, 2022 – Riverwalk/Jefferson St Bridge**

Twenty employees from Lowe's Home Improvement on CR 6 in Elkhart came out to help pick up trash along the Riverwalk and repaint the lower beam on the Jefferson Street Bridge. They filled many bags and buckets of trash along both sides of the Riverwalk and applied two coats of new green paint onto the Jefferson Street Bridge. The trash clean-up and new paint job gave the area a fresh look before the colder months came.

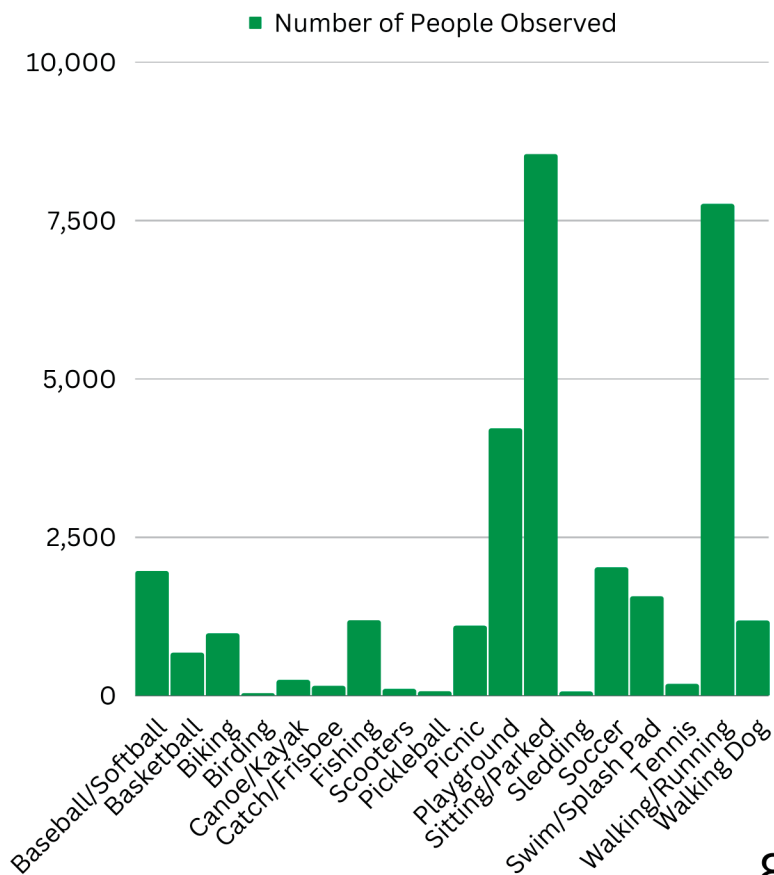

We want to extend a thank you to all of our volunteers that we had join us in 2022. It was a great year, and we thank you for all your work to help us continue giving the best offerings to our Elkhart community.

Due to the weather, some attendees decided last minute not to attend, but we had a day of turnout totaling 49 passengers. Once we made it to Frankenmuth, we stopped at Bronner's Christmas Wonderland, where we spent a few hours, and then went to the downtown shopping area to eat and spend the rest of our day. Although we did hit some treacherous road conditions on the way home, we made it safe and received positive feedback through post-event surveys that were sent. We are considering making this trip again next year, making it an overnight event, and scheduling other bus trips to different locations that were suggested to us by our passengers.
