City of Elkhart

INSTRUCTIONS AND FILING PROCEDURE FOR CONDITIONAL USES

Conditional Use Permits provide a set of procedures and standards for specific land uses that will allow practical latitude for the developer, but at the same time maintain sound provisions for the protection of the health, safety, and general welfare of the residents of the City of Elkhart. In order to provide controllable and reasonable flexibility, Conditional Use requirements permit detailed review of certain specified types of land use activities which, because of their particular and unique characteristics, require special consideration in relation to the welfare of adjacent properties and to the community as a whole. Land and structure uses possessing these characteristics may be authorized when defined and permitted within a specific zoning district by the issuance of a conditional use permit. Through this procedure, the Board of Zoning Appeals has the opportunity to impose conditions and safeguards that are deemed necessary for the protection of the public welfare.

A complete Conditional Use Petition (see page 2) must be filed with the Planning & Zoning Department located at the Permit Center at 229 S. Second Street, Elkhart, Indiana OR filed through our Online Portal: Citizen Portal (civicgov4.com). Petitions must be filed no later than the filing deadline dates as shown below on the Board of Zoning Appeals (BZA) calendar, and with all required signatures in permanent ink.

The appeal must address and discuss each of the applicable standards (see page 3) that the Board must use to make a decision. Please include any other pertinent data that will assist the Board in determining whether or not the approval of the Conditional Use request will be in the best interest of the City of Elkhart.

Failure to meet any of the above requirements will result in your application not being accepted by the Planning Department staff until such time as said requirements are met.

CONDITIONAL USE PROCEDURE

Petitions for Conditional Uses are reviewed by the Planning Department staff prior to the public hearing and decision of the Board of Zoning Appeals.

You or your designated representative must be present at the Board of Zoning Appeals meeting to make a presentation and answer any questions that may arise. The presentation must include sufficient evidence relating to the **standards listed below** (as well as any other information you feel is pertinent to your petition) to persuade the Board to grant your request.

After you have completed your presentation, public comments are heard for or against your petition.

You may be allowed to respond to any comments or answer any questions which may arise concerning your petition; this is at the discretion of the Board Chairman.

Standards Applicable to All Conditional Uses: Section 29.8 C. of the City of Elkhart Zoning Ordinance mandates that "The Board of Zoning Appeals shall review the particular facts and circumstances of each proposed use in terms of the following standards and shall find adequate evidence showing that such use at the proposed location:

- 1. Is in fact a conditional use as established under the permitted land uses within the zoning district.
- 2. Will be harmonious with and in accordance with the general objectives or with any specific objective of the City's Comprehensive Plan and/or the Zoning Ordinance.
- 3. Will be designed, constructed, operated and maintained so as to be harmonious and appropriate in appearance and function with the existing or intended character of the general vicinity and will not change the essential character of the area.
- 4. Will not be hazardous or disturbing to existing neighboring uses.
- 5. Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the persons or agencies responsible for the establishment of the proposed uses shall be able to provide adequately any such services.
- 6. Will not create excessive additional requirements at public expense for public facilities and services and will not be detrimental to the economic welfare of the community.
- 7. Will not involve uses, activities, processes, materials, equipment and conditions of operation that will be detrimental to any persons, property, or the general welfare by reason of excessive production of traffic, noise, smoke, fumes, glare or odors.
- 8. Will have vehicular approaches to the property which shall be so designed as not to create an interference with traffic on surrounding public thoroughfares.
- 9. Will not result in the destruction, loss, or damage of a natural, scenic, or historic feature of major importance."

The Planning Department staff will consider these standards when making a recommendation to the Board of Zoning Appeals. You **must** address the above standards within the body of your appeal letter (see page 5).

Conditions and Commitments: When granting approval of any conditional use, the Board of Zoning Appeals may prescribe appropriate conditions or require the property owner to make written commitments regarding the use and development of the property which is the subject of the petition. Conditions or commitments may require special screening and buffering with reference to type, dimensions and character; additional setback distances, yards and open space or other measures necessary to ensure the compatibility of the proposed use and harmony of the proposed development with neighboring properties and other properties within the district. Conditions or commitments may address the following:

- 1. Off-street parking and loading areas;
- 2. Refuse and service areas;
- 3. Proposed signs and exterior lighting;
- 4. Noise, glare, odor, adverse economic effects or traffic hazards resulting from the proposed use;
- 5. Any other matter requiring particular attention in order to avoid adverse effects of the proposed use on neighboring properties and other properties in the district.

Action by the Board of Zoning Appeals: Following the public hearing, the Board of Zoning Appeals shall either approve, approve with supplementary conditions, or deny the petition as presented. If the petition is approved or approved with modifications, the Board of Zoning Appeals shall instruct the Planning Department staff to issue a conditional use permit listing the specific conditions specified by the Board of Zoning Appeals for approval. If the petition is denied by the Board of Zoning Appeals, it shall notify the applicant in writing listing specific reasons for such denial.

Expiration of Conditional Use Permit: A conditional use approval shall be deemed to authorize only one particular use, and said approval shall automatically expire if, for any reason, the use has not commenced within one year or an implemented use has been discontinued for a period of one year.

Construction Requirements: Any person granted conditional use approval who fails to commence construction within twelve (12) months after such permit is issued or fails to conform to the provisions of the development plan approved by the Board of Zoning Appeals, may be required by the Board of Zoning Appeals upon its own motion and shall be required by the Board of Zoning Appeals upon written petition by any third party, to show cause why such approval should not be withdrawn and such permit revoked.

Modifications: The holder of a zoning clearance permit for a conditional use may apply to the Board of Zoning Appeals at any time for an alteration, modification, amendment, or extension of the application or development plan upon which such permit was based:

- 1. Upon receipt of such application, the Board of Zoning Appeals shall proceed as in the case of original applications for a conditional use.
- 2. In the event that the Board of Zoning Appeals shall approve and order such applications or development plans modified, altered, amended, or extended, it shall notify the Planning Department staff which shall issue an amended zoning clearance permit accordingly.
- 3. Any alteration, change, or amendment to a site plan (previously approved by the Board of Zoning Appeals through the conditional use process) and involving a new structure, combination of structures, or addition to an existing structure, may be issued a zoning clearance permit by the Planning Department staff without the requirement of a public hearing or Board of Zoning Appeals approval provided that:
 - a. The net increase in floor area is less than one thousand (1,000) square feet but not to exceed fifty percent (50%) of the gross floor area of structures on the parcel.
 - b. The plans for the proposed use are submitted to and approved by the Planning and Zoning Office.
 - c. The plans are revised to incorporate any recommendations deemed appropriate by the Planning Department staff.
 - d. The property of the proposed use is not located within one-hundred (100) feet of the property line of any existing residential land use.

Notice of the public hearing is prepared by the Planning Department staff and published in the newspaper 10 days prior to the meeting. Please refer to the BZA calendar (see page 1) for filing deadlines and the meeting location, time and dates.
