*All electrical work is to be performed or supervised by an Elkhart City Electrical License holder as per City Code 157. It shall be the responsibility of the applicant to call for all necessary inspections. The electrical permit is to be posted at the site where the work is being done within 24 hours and shall not be removed until a final inspection has been completed. Any violations of the above will constitute a violation of the Elkhart City Electrical Ordinance and will be subject to the fines and/or penalties stated in said ordinance. Expiration Limit per Indiana Electrical Rule 90-22. I certify all information submitted is true and correct to the best of my knowledge and any false statements will make this permit null and void.
