Comments _____

Note: (1) The property owner/contractor shall assume responsibility for construction over any public and private easement (2) Whenever major improvements are made to a building or structure or a new use, parking/loading facilities shall conform to the existing zoning ordinance. Certificate of Occupancy requirements on back of form. Property Owner Signature Required.

CERTIFICATE OF OCCUPANCY REQUIREMENTS

All new construction and substantial improvements to existing property require a valid Certificate of Occupancy prior to occupancy of a building. The following inspections are required:

- **Structural Inspection**
- **Electrical Inspection**
- **Heating, Ventilation, and Air Conditioning Inspection**
- **Plumbing Inspection**
- **Zoning Inspection: Paving & landscaping must be complete; address displayed**

The signature of the **Building Commissioner** and **Zoning Administrator** are also required for final Certificate of Occupancy.

Final approval to occupy a building is **NOT GRANTED** until the Certificate of Occupancy is issued by the Building Department.

Occupancy of a building without a Certificate of Occupancy may result in the imposition of substantial daily fines.

It is the responsibility of the owner or a representative to contact the Building Department to request a Certificate of Occupancy. (Building Dept. staff will contact the Planning Services staff for zoning inspection). It is the responsibility of the property owner or a representative to see that all the inspections listed above have been completed.

By applying for this Zoning Clearance, if the undersigned is not the property owner of record, the undersigned representative assumes the responsibility to inform the property owner(s) of these requirements.

A copy of this form is given to the undersigned representative, and one is retained in the records of the Office of Planning and Development.

I have read the above statement and understand the requirements for a Certificate of Occupancy. I further understand it is my responsibility to inform the property owner(s) of these requirements.
